ZERO DEFORESTATION COMMITMENT (EXPORTER)

- AMAZONIA & CAATINGA & CERRADO & MATA ATLANTICA & PAMPA & PANTANAL

PMG TRADING was the 55th largest exporter of soy from BRAZIL in 2007, accounting for 52 thousand tons. This is a 92% decrease as the previous year. As an exporter, PMG TRADING is responsible for deforestation in 10 production municipalities.

Recent updates to "Deforestation Exposure"

On 10 November 2022, the term 'deforestation risk' was replaced with 'deforestation exposure' as a measure of the exposure of supply chain actors to deforestation from commodity production based on sourcing patterns.

Improvements in how commodity deforestation exposure is calculated were made on 7 December 2022. Numbers accessed before that date will differ from those accessed after.

For more information, see [Commodity deforestation exposure and carbon emissions assessment](#).
